

# GLOBAL PUMP®

A MERSINO COMPANY

## GLOBAL GENERATORS

Global Pump's mobile generators are designed for construction, industrial, oil and gas exploration, special events, and emergency applications. With a perfect combination of reliability, user-friendly functions and superior quality, Global Pump's generators are the ideal option for rugged rental applications. Units range in size from 25kVA to 500 kVA and offer features including:

- Reliable Perkins or Cummins diesel engines
- PMG excitation on most units for exceptional motor starting capabilities
- Programmable digital controller for situations including SCADA monitoring
- Convenient, always-live receptacles, including 50A plugs
- Advanced AVR for clean voltage and better performance on non-linear loads
- CamLock panel with flip covers for easy connection to loads
- 110% liquid containment within the skid frame
- Integrated fuel cell for skid applications
- Safety protection at power outlet center and voltage selection switch
- External fluid drains for ease-of-maintenance
- Electrostatic painted trailer and enclosure

For your emergency and planned power generation needs, Global Pump equipment and crews are on call 24/7/365 to respond to hurricane, tornado, and flood events, as well as restoration projects and all temporary power generation needs.

MODEL	RATED STANDBY POWER AT .8PF	RATED PRIME POWER AT .8PF	SIZE (L x W x H IN.) SKID	APPROX NET WEIGHT SKID DRY LBS (KG)
GP25	22kW (27kVA)	20kW(25kVA)	77 x 39 x 59	2487 (1128)
GP35	30kW (38kVA)	28kW (35kVA)	93 x 41 x 59	2932 (1330)
GP65	56kW (70kVA)	51kW (63kVA)	111 x 43 x 59	4056 (1840)
GP75	65kW (81kVA)	59kW (73kVA)	111 x 43 x 59	4056 (1840)
GP95	81kW (101kVA)	74kW (93kVA)	119 x 43 x 71	4277 (1940)
GP115	99kW (123kVA)	90kW (112kVA)	119 x 43 x 74	4321 (1960)
